

# CERTIFICATE

Industrie Service

The Certification Body for Plant Engineering

**TÜV SÜD Industrie Service GmbH**

hereby certifies the company

**Solvera Lynx d.d., Stegne 23a, 1000 Ljubljana, Slovenia**

that the energy data management system GemaLogic

**GemaLogic**

complies with the requirements of the TÜV SÜD Standard  
"Certified Energy Data Management"  
release 8/11/13 (rev. level 03).

The system has the following characteristics:

- Successful implementation at several reference customers
- consistency and plausibility checks
- Virtual meter points and cost centers
- load profiles, energy consumption trends, actual and limit values
- Development of indicators (energy performance indicator)
- Management of the accounting data of the supplier(s)
- Integrated scheduler
- Flexibility of evaluation cycles
- Generation of energy reports
- Compatibility with at least 5 standardised bus systems
- Export function in Office applications
- The system meets the requirements of chapter 4.6.1 monitoring, measurement and analysis of the ISO 50001 standard

This certificate is based on  
test report number: 2333724-v01 of 27/03/15.  
Certificate registration number: PC/979/14/235/02/15  
This certificate is valid to: 31/03/18.

Munich, 30/03/15
